

Mobile LAB

SeeTest Manual

- Manually test a mobile device using your PC mouse and keyboard
- Mini-recorder for automating short, repetitive manual scenarios
- Receive a report with screenshots of what happened in each step
- Access cloud devices using URL based web portal
- Manage cloud devices among team through admin access on portal

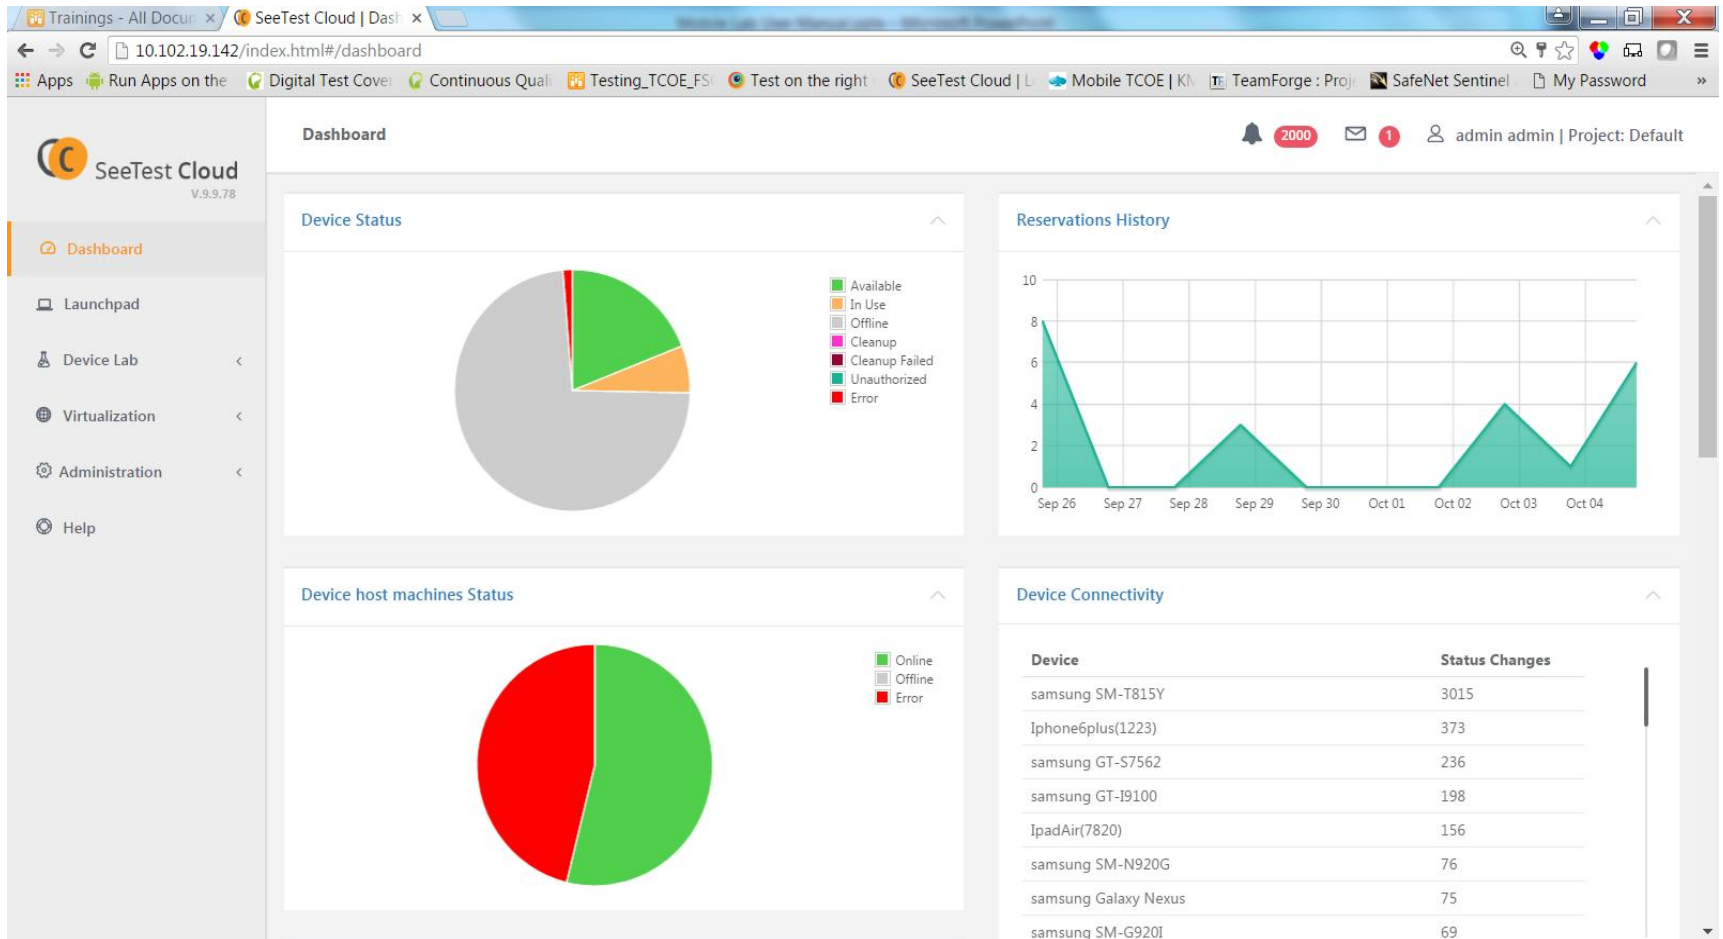

Enter Login Credentials

The screenshot shows a web browser window with the address bar displaying "10.102.19.142/index.html#/login". The browser's tab bar shows "Trainings - All Docu..." and "SeeTest Cloud | Logi...". The browser's address bar also shows "10.102.19.142/index.html#/login". The browser's toolbar shows various icons including back, forward, refresh, search, and a star. The browser's status bar shows "Apps", "Run Apps on the", "Digital Test Cover", "Continuous Quali", "Testing_TCOE_FSI", "Test on the right", "SeeTest Cloud | L", "Mobile TCOE | KM", "TeamForge : Proj", "SafeNet Sentinel", and "My Password".

The main content area of the browser displays the SeeTest Cloud login page. At the top, there is a large orange cloud icon with a white smartphone icon in the center. Below the cloud icon, the text "Welcome to SeeTest **Cloud**" is displayed. Underneath, there are two input fields: the first is for the username, labeled with a person icon, and contains the text "admin"; the second is for the password, labeled with a key icon, and contains a series of dots. Below these fields is an orange "Login" button. At the bottom of the page, there is a link "Forgot your password?" and the text "Experitest Ltd. © 2016".

Dashboard >> Click Launchpad

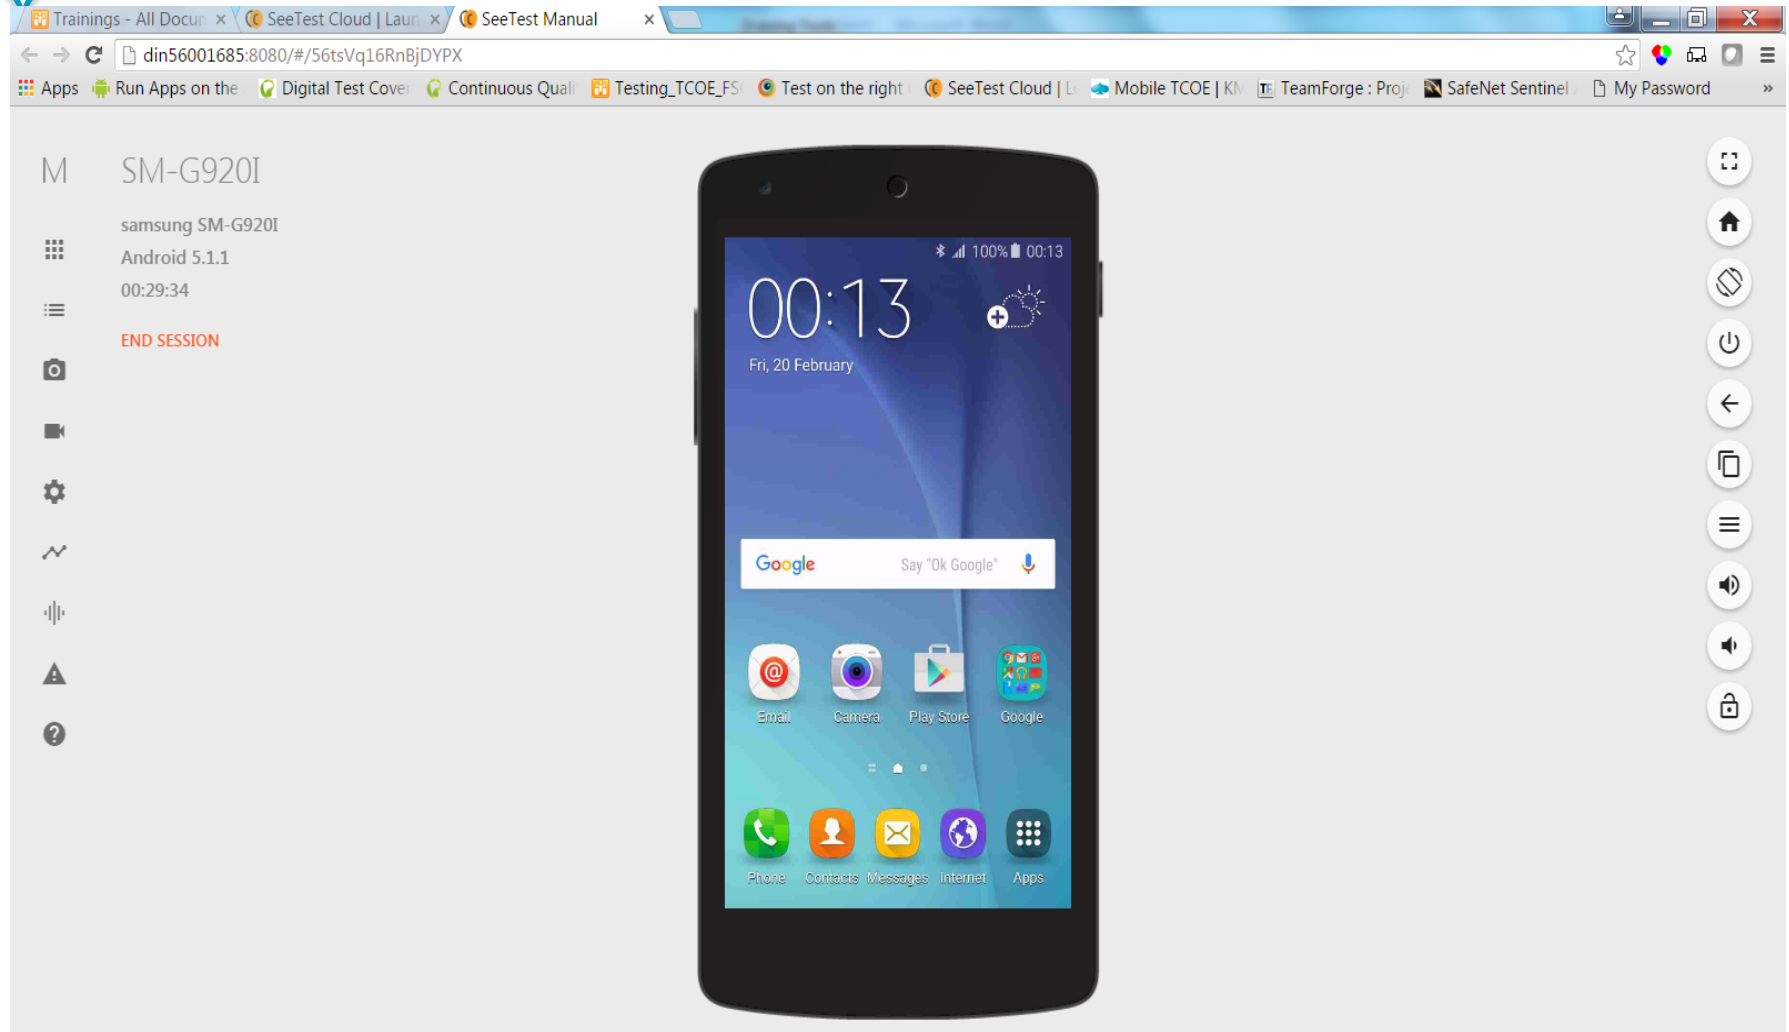

Click 'OPEN' – Start testing

The screenshot displays the SeeTest Cloud Launchpad interface in a web browser. The browser's address bar shows the URL `10.102.19.142/index.html#/launchpad`. The page header includes the SeeTest Cloud logo (V.9.9.78) and a navigation menu with options like Dashboard, Launchpad, Device Lab, Virtualization, Administration, and Help. The main content area is titled 'My Devices' and lists 'Available Devices' in a grid. Each device card includes a name, model, OS version, form factor, and manufacturer, along with an 'Available' status and an 'OPEN' button to start testing. The devices shown are:

- SM-G920I**: samsung SM-G920I, Available, 5.1.1, Phone, samsung
- SM-G900H**: samsung SM-G900H, Available, 4.4.2, Phone, samsung
- Nexus 6**: motorola Nexus 6, Available
- SM-T815Y**: samsung SM-T815Y, Available, 5.0.2, Tablet

At the bottom left of the interface, the URL `10.102.19.142/index.html#/launchpad` is repeated.

End Session – To close device
